

Tortoises

Is the tortoise slow or fast?

slow

Is the tortoise loud or quiet?

quiet

Is the tortoise melody high or low?

low

fast

loud

high

The Strings

violin

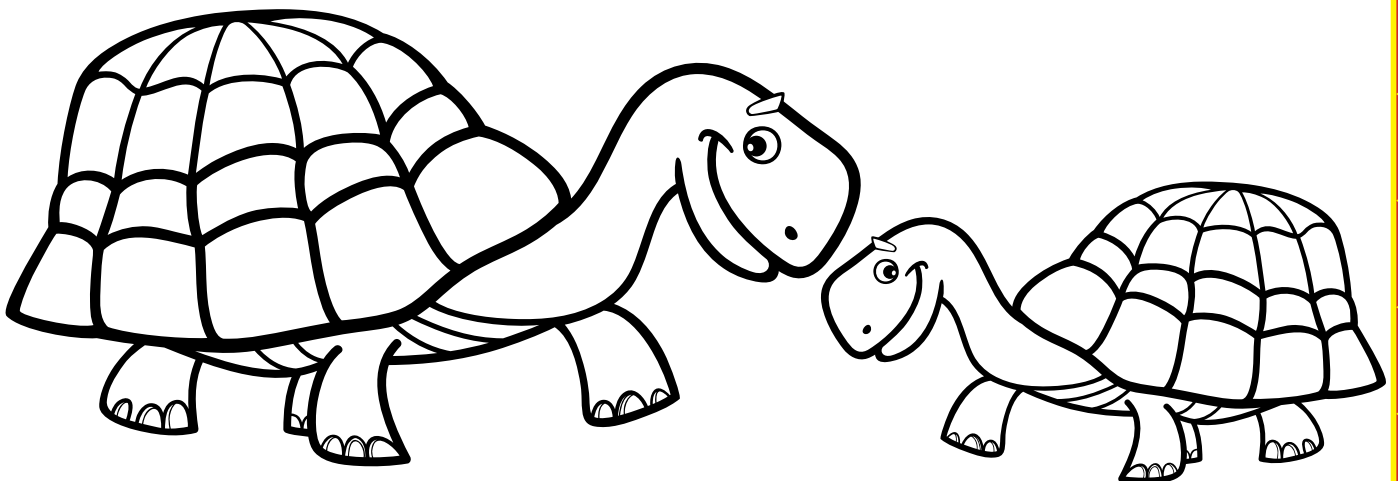

viola

cello

double bass

Tortoises move very slowly. In the A section the strings play the “Can Can” melody very slowly. (The “Can Can” is a very fast dance.) What do you think the tortoise is doing in the B section? Sleeping? Walking? Playing with another tortoise?
