Activity #5: Play the game like “steeplechase” using note cards instead of dice

Copy the note cards that are in the supporting resources, or make your own.

Zoom: Make a game board with painters tape, and copy the note cards.

Mouse goes first. Choose a card and have students tell you if it is one beat or two.

Move mouse the number of beats that the note value(s) represents.

If you draw a rest, you miss your turn.

It's cats turn next. Continue until cat or mouse has won.

In-person: If allowed, go outdoors and play the chase game.

Repeat the game.

Activity #6: Play Copycat with the music of Bach - Goldberg Variations #5

Choose new copycat leaders for Variation #6.

This variation has a steadier beat in the first section, so you can use all student leaders.

Ask the children to listen for how the music in the two examples is similar and how it is different.

Activity #7: Compose a do mi so melody using the melody composition tool

Select Level 3.

Use just the notes do mi so (C E G) to create your composition.

Sing your new melody!

Choose Level 3

Activity #8: Play copycat with “Minuet in G”

Play copycat with “Minuet in G”

It used to be thought that Bach wrote this minuet, but it is now known that Bach didn't.

But Bach did include it in the notebook that he created to teach his wife and children how to play the keyboard. This notebook is called the “Anna Magdalena Notebook” after his wife.

Activity #9: Learn about the harpsichord

Watch the video to learn about and listen to a harpsichord.
